

Alternative route to Kalabo for use between May and July

2. Proceed along road to Shangombo Town for 140km to S16.19.306 E22.05.865.
3. To leave Shangombo go to S16.19.230 E22.05.947 and on to Lesisi School where the headmaster is apparently good for directions.
4. Beyond Lesisi School take the left hand split through the water at S16.11.037 E22.09.407.
5. Proceed to Mambolamboka at S16.04.172 E22.08.897. Thereafter, join the cutline at S16.00.068 E22.12.678.
6. You will cross the Lueti Bridge at S15.42.380 E22.17.410 which is apparently in good condition.
7. At S15.25.257 E22.22.210 you head to Sihole and on to the main road between Mongu and Kalabo. Turn left towards Kalabo and into town. The office is at the end of the road at the harbour.

As at 10 June 2008 the Kalongola ferry between Sitoti and Senanga is operational.

Please note that these waypoints were recorded by a recent group to visit Liuwa. The journey between Sioma and Kalabo took two days but new routes will open up as water recedes along the way. Please still use your common sense and make enquiries along the way. Any new information that you have, please share with me so that I can have it passed on to other travellers.

Thank you,

Craig Reid
